This programme is designed for GP's to develop their skills after qualifying with support and mentorship from existing GP's and other healthcare workers.

- 6 Educational modules which include full and half days
- Ability to tailor the course to peers and your own needs
- Personal development
- Leadership skills development
- Clinical Workshops
- Mentoring from existing GP's and senior professionals
- Peer support & relationship building

Pennine GP Alliance offers an exciting opportunity for new and returning GPs within Calderdale with the launch of Calderdale GP Career+. This innovative programme has been developed to support newly qualified GPs who are working in Calderdale. GPs will have the opportunity to co-create their own training course which will focus on their needs.

These will be a mix of clinical education, group sessions and peer support from other newly qualified or returning GPs and GP mentorship. GPs will be supported in the transition to life after GP specialist training. Training could include some or all of the following topics: Understanding the Health and Social Care, Legalities of partnerships and primary care networks, financial management, IT, HR and developing the workforce, operational management, strategy, quality improvement and change management. Finally leadership and personal resilience.

The programme is fully funded and open to new GPs recruited either as a Salaried or those planning to be a partner. GP Partner.

GPwSI

As part of the programme, support is available to those GPs wanting to develop a special interest. This has to be in agreement with the GP's practice. This support may consist of assistance with placements, roles and funding which will depend on the level of interest received and the specialisms people are interested in.

About Calderdale

Calderdale is a borough in West Yorkshire with a mix of urban and beautiful rural areas.

Halifax is the principal town; located between Leeds and Manchester. The area has excellent rail and motorway links and is situated just off the M62.

About Pennine GP Alliance

Pennine GP Alliance is a federation of GP practices in the district of Calderdale, with membership covering 100% of practices. Working together in a federation places our member practices in a stronger commercial position and acts to enable the delivery of sustainable high quality services for patients. We also support the Primary Care Networks to deliver success.

This is available to all new GPs recruited to Calderdale and all GP returners. The educational programme will commence in 2023. Please contact Pennine GP Alliance for further information: wycb-cal.pgphr@nhs.net
